Great Rooms Designers & Builders Moves to a New Office in the Heart of Downtown Libertyville

Libertyville, Ill., November 12, 2008 – Great Rooms Designers & Builders, Inc., a Libertyville-based remodeling and custom home design/build company has recently moved to a new office in downtown Libertyville.

“It’s always been our goal to be an active part of the community. By moving to the immediate downtown area, we hope to increase our involvement,” said Craig Wolski, president, Great Rooms Designers & Builders, Inc.

The new office space located at 107 W. Church Street was completely renovated by Great Rooms Designers & Builders. The new 2,500-square-foot space includes seven private offices, a conference room, selections room, adjacent project showcase area and reception desk. The space planning, selections/materials, masonry and interior design all exemplify the style and quality of Great Rooms.

“We’ve designed our new office to reflect who we are, and more importantly, to help us work more efficiently. We also now have more room to accommodate our growing client base,” said Wolski.

High-resolution photos of the office space are available upon request.

Based in Libertyville, Ill., Great Rooms is a design/build firm specializing in remodeling and custom home construction. For more information, please visit www.greatrms.com or call 847-549-9960.
